Experience

Khalid is a food and nutrition services professional, with over thirty-five years of experience as a general manager of large food service operations; eighteen years in major medical centers and over seventeen years in corporate services' elite accounts including four years as a district manager. For six years he served as a multi-service senior general manager overseeing environmental, linen and patient transport services in addition to food and nutrition services department.

Khalid's strengths are in operational leadership, financial acumen and project management. This includes systems and processes analysis, food and supply costs optimization, strategic staffing placement and retail revenue enhancement. Khalid has also assisted in new kitchen designs and equipment modifications to achieve efficiency and smooth operational flows.

Khalid also specializes in key user satisfaction principles and employee engagement practices towards desired results achievement. Khalid is an accomplished influential leader and has been recognized in developing and mentoring new leaders throughout his career.
