Experience

Donald is Principal owner Sipp Enterprises LLC, and Sr Consultant with Ruck Shockey Associates. He has over 15 years of operational and project experience including: operational review & assessment studies; conducting in depth hospital studies, both systems and stand alone, service integration (multi-service/multi-unit); environmental service, grounds upkeep, and patient transport management service programs; oversight reviews; implementation processes and program leadership.

He is a Certified Healthcare Environmental Services Professional (CHESP) & Registered Environmental Services Executive, with extensive knowledge in all aspects of environmental service, linen and laundry and patient transport service management, including the management of daily operations, proposal and contract negotiations. Donald is experienced in transformational leadership and culture change resulting in positive HCAHPS results, conducting operational reviews and assessing labor and nonlabor needed, making appropriate recommendations, and providing implementation plans. Donald is qualified not only in operations, but also has a keen eye for quality results. Donald is a proven performer in providing customers with empirical data that allows them to make good business decisions with positive results.
