Professionals

Experience

Jane has over thirty years of operational experience in various sized healthcare facilities, ranging from 75 bed capacity to 800 bed capacity. Jane's experience includes single facility leadership roles, as well as Multi-facility and System oversight. Responsibilities have included Patient Services, Retail and Catering Services, Purchasing and Financial responsibility, as well as regulatory oversight for Healthcare Foodservice departments.

Jane has coordinated several renovation projects, as well as the start-up of a new hospital. She has implemented house-wide room service at two facilities to include iPad technology at both. Her expertise includes cost reduction/re-allocation, product standardization, menu development, capital projects, along with Team Member recognition and first-year turnover strategies.

Patient experience and customer service are always primary priorities and improvement has been evidenced at each facility via menu specials, Team Member training and multi-disciplinary menu planning.

Selected Project Experience

IU Health – Reduction of net cost per patient day from \$48.00 ppd to \$34.05 ppd. Managed renovation process in Retail areas, as well as a cook/chill conversion to a cook-to-inventory process. Planned and opened a convenience store at the Methodist facility. Reduced retail subsidy state-wide, implemented Chef's specials on patient menus, and led the Product Standardization Process state-wide. Coordinated the development of a state-wide healthy eating initiative – Choose Well Be Well. Led the Sustainability Committee for the IU Health Academic Health Center.

Maine Medical Center – Implemented house-wide room service, coordinated, and facilitated renovations in Retail areas and Cook/Chill, consolidated the two kitchens at Maine Medical Center and New England Rehab Hospital, achieving significant efficiencies.
